EVERY 1 KNOWS SOME 1

Domestic Violence Awareness Month

Someone you care about is likely experiencing domestic violence, whether you can see it or not. Domestic violence doesn't always leave visible bruises. It can also bruise your credit, financial wellbeing, and your mental and emotional state.

If your partner is sabotaging your morning routine or transportation, it's not just an inconvenience, it's an example of financial abuse. It is present in 99% of abusive relationships.
